

**Housatonic River Project
Shoreline Management Plan
Stakeholder Workgroups**

The following workgroups have been established to aid in the development of the Shoreline Management Plan (SMP). The workgroups are designed to promote dialog amongst the various interests and to provide advice regarding the SMP. The workgroups are not decision-making bodies. Individual workgroup members were selected by their organizations to represent their respective interests. Interested parties are encouraged to work through the workgroup members listed below. All workgroup meetings are open to the public.

The roles and responsibilities of workgroup members are to:

- Represent their respective interests (serve as a point of contact)
- Provide information
- Assist in developing the SMP
- Advise the process
